

## CARMEL TREASURE 2023

The students of class 10th A, B, C attended the Carmel treasure retreat on 6th and 7th July 2023 respectively. The main aim of the retreat was to help the students deepen their identity in the context of the world in which they live their relationships with God and with the people around. The students were encouraged to believe that their choices reflect the value attached to them and they need to strive hard to lead a value based life as values are caught and not taught. At the end the Carmel treasure box was opened and each values was read out by the students that they themselves put in to help them lead beautiful and value based life.
