APOSTOLIC CARMEL JUNIOR COLLEGE AND BHAMLA FOUNDATION JOIN HANDS TO CLEAN JUHU BEACH

On the Beach and in the Sea, animals do not leave trash; Humans do. The ocean takes care of us. Let's return the favour.

29th September, 2023: The staff & students of Apostolic Carmel Junior College in association with the Bhamla Foundation undertook a Beach Cleanup drive to clear Juhu beach of the trash that had accumulated after the Ganpati Visarjan.

Prof.Trini Tauro, Prof.Siddhant Bane, Prof. Gloria Borges, Prof. Clicia D'silva, Prof.Limpiya Dias & Prof.Armine Bhagvager along with **over 100 students** from the Junior college section assembled at Juhu beach at 6.45am with great gusto and enthusiasm.

Apostolic Carmel Junior College always gives students the opportunity to explore, while imbibing important values. This beach cleanup drive was one such avenue for the students of **Std XI and XII** to awaken their inner conscious and become responsible citizens.

The cleanup drive was flagged off by the dignitaries Rajkummar Rao, Amruta Fadnavis, Jackky Bhagnani and Saiyami Kher

One could see sheer dedication and focus on the faces of the students as they picked marine debris and waste off the shore. Each student was hopeful to leave the beach cleaner than when they got there.

As the students reflected on this eye-opening experience, many highlighted how this small step on their part added to a much larger goal; a continuous effort to avert the crisis in the oceans. This cleanup drive transformed into a mindful and humbling experience as the students reflected on their lifestyle and how it had impacted their ecosystem and the effort we must put into saving Mother Earth.
