

School Reopening

Apostolic Carmel High School, Primary Section reopened for the academic year 2022 – 2023 on 15th June 2022. Children and teachers were quite excited to attend the first day of school with a lot of positive energy. Some children got delighted to experience the new environment and make new friends. Handful cried their hearts out at the sight of their parents leaving them all alone. However, with the help of teachers and friends they found comfort in their new world.

Morning Assembly was conducted where our headmistress Sr. Maria offered a prayer for each and every child and wishing them good luck. All the teachers welcomed their students of respective classes with a smiling face and a welcome chart
