

Environment Day

Environment Day was held on 24th June 2022.

A short assembly was conducted on this day, which told the students about the importance of, “The World Environment Day” and why do we celebrate it every year. Few tips were shared with the students as to what they can do to help save their environment.

The theme for this year’s “World Environment Day” is, “Only One Earth”. So we need to make every effort to save it.
