

## Primary School canteen

**Organising a school canteen helps students to learn about nutrition and how to make healthy eating choices. Thursday 2<sup>nd</sup> of March 2023 Apostolic Carmel Primary organised their school canteen in the school grounds. It was a building fund raiser. A well organised menu was prepared with the help of Headmistress, P.T. A parents and staff. There were a variety of nutritious food items, including baked sweet treats. There were proper queus and discipline maintained throughout the process. Children were very excited and are waiting for another noon.**

**To spread environment awareness, children were asked to carry their own Tiffin box.**
