

“LEADERS ARE MADE, THEY ARE NOT BORN. “

WARM WELCOME TO THE SCHOOL CABINET, Academic Year 2021-2022

Dear parents and students

Every year, students from the Apostolic Carmel High School Section of our school choose their student leaders through the democratic process of School Cabinet Election. We believe that the spirit of democracy and inclusive leadership, which have always been the strongest pillars of a progressive society, must be nurtured in young minds from childhood itself. However due to the pandemic and the lockdown, the students could not attend school or participate in the election process. Hence the names of eligible student candidates were nominated for various posts by the Class Teachers and then short listed by the Management and the staff members after an interactive discussion.

The Principal of the school, Sr. Marisa A.C. and the members of the staff voted for the candidates through the democratic process of election and the students who won the maximum number of votes were declared as the winners. The following students have been elected as members of the School Cabinet for the academic year 2021-2022. Congratulations and best wishes to the entire team!

May God be our Great strength to carry on our responsible tasks and our Lady of Mount Carmel guide and protect us always.
