

## Maths Quiz Competition:

The Maths Quiz Competition was held among four houses: St. Joan of Arc, St. Alphonsa, St. Therese, and St. Agnes. Some teachers monitored the time, while others kept track of the scores. The competition comprised six rounds, and a final audience round where only students could answer questions.

St. Agnes, the red house, emerged as the winner, with St. Joan of Arc, the blue house, as the runner-up.
