Creativity At It's Best!

“ When learning is purposeful, creativity blossoms. When creativity blossoms, thinking emanates. When thinking emanates, knowledge is fully lit. When knowledge is lit, economy flourishes.”

—A.P.J. Abdul Kalam.

The students of Sociology grade XII Arts were given a choice to choose a social process and explain the merits and demerits through a pictorial representation.

The activity enhanced understanding along with facilitating creative thinking and extensive research and reading. It provided students with an opportunity to learn by doing, in turn strengthening the learning.
