Des Mera Rangila !!!

“India is the cradle of the human race...Our most valuable and most constructive materials in the history of man are treasured up in India only.”

- Mark Twain.

Our country India is a diverse mixture of cultures and traditions. In the light of this the students of grade XII Arts Sociology dressed in their colourful traditional attire were truly a sight to behold! Some of the students gave brief description of the unique customs and traditions of their particular states. Later, the students discussed about their socio-cultural background, language, their staple diet and festivals.
