

Children's day Celebration

We Celebrate Children's day every year on November 14 since 1964 to commemorate the birth anniversary of Pandit Jawaharlal Nehru our first Prime Minister, - fondly called Chacha Nehru. He believed that children are the power of the country as they would build a developed society in the future, so they should be nurtured carefully.

To celebrate this occasion, Carmel pre-primary section conducted events including colouring competition (nursery), Floral rangoli competition (Jr. KG) and Storytelling competition (Sr.KG).

It is believed that God exists in Children. Through a virtual program, Sr. Leonette explained how God loves children. She also talked about Panditji during the discourse. This was followed by a short prayer service and dance performance by the entire pre-primary staff. The programme concluded with a song to show how special the children are to us.
