

CARMEL BLOSSOM

Carmel Blossom is a flower in the garden of Apostolic Carmel, a beloved friend of Jesus, a child of Mary, imitating the virtues of Mother Veronica and sharing Gods love with others.

The Carmel Blossoms are the youngest members of the Apostolic Carmel groups. They are initiated in Class 5 and remain affiliated to the group up to the time they leave the school.

It is an association of children in the Apostolic Carmel. It brings spiritual vitality and youthfulness; bringing hope for the future like the blossoms in the garden. Their enthusiasm and joy rejuvenate Our Apostolic Carmel Congregation. By incorporating them into our A.C. family they begin to treasure the spirituality and Charism.

All the schools established by the Apostolic Carmel have sisters who are animators of the Carmel Blossoms. The headmistress takes the responsibility to supervise the activities organized by the animators.

The children are taught to pray and to be the instruments that will encourage prayer in their homes and neighbourhood. They take active part in the social service activities organized by the school.

They develop a deep faith which leads to a personal commitment to Christ and become open to God in prayer. They grow in a sense of responsibility towards those who are needy and reach out to them in love and service. They also become bearers of love, hope and joy to their families and transform it into God's kingdom.
